Harvey Interior Trim Kits

Harvey Interior Trim Kits provide quality workmanship and a precision fit that cuts your installation time down to seconds per window.

- Pre-fabricated kits include interior casing and extension jambs (glued and reinforced), ready to apply in seconds to all Harvey vinyl new construction windows
- Also available for factory mulled combinations (excluding shapes)
- Finger-jointed pre-primed pine or clear pine; call local branch for pricing and availability of clear pine
- Set-up options: Picture Frame w/extension jambs, Stool & Apron* w/extension jambs, Picture Frame casing only (no extension jambs)
- Extension jamb options include 4-9/16" or 6-9/16" drywall, 4-3/4" or 6-3/4" plaster, and custom sizes
- Extension jambs can be trimmed to accommodate minor wall depth variances
- All profiles are available in long lengths for other applications
- Other profiles are available. Don't see what you need? Please inquire at your local branch.

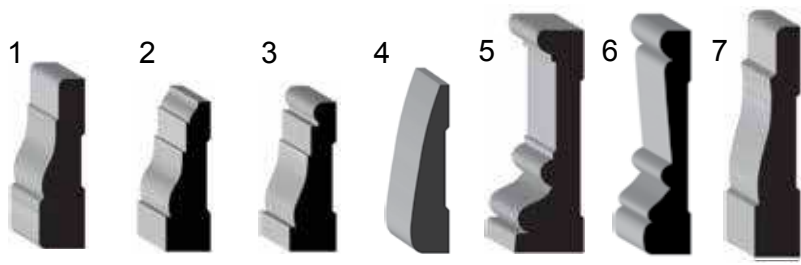

*Apron shipped separately to be installed on-site
