

InstallationMasters™ Certification Program

TWO DAY COURSE: February 20-21, 2019

DAY 1 (WEDS.): 7:30 AM – 5:00 PM

DAY 2 (THURS.): 8:00 AM – 3:30 PM

REGISTRATION DEADLINE: February 1, 2019

Developed by AAMA, InstallationMasters is a national training and certification program for new construction and replacement installers of windows and patio doors in the residential and light commercial markets.

Completing the two-day program and successfully passing the test earns you an InstallationMasters ID card, which shows you're officially certified through the InstallationMasters Program. Our HBP ProZone members can then list this certification in their online profile!

The program is designed to help installers avoid costly callbacks, improve energy efficiency, work more efficiently by optimizing both time and energy, and maximize product benefits for more satisfied customers.

- Tested installation techniques for windows/doors
- Codes, standards and specifications
- Measuring and ordering
- Sealing and flashing
- Proper material selection
- Protection of the homeowner's property
- Quality control
- Product care, adjustment and cleaning

Robert Rajic
